

WE'RE CONSECRATING A NEW ALTAR TABLE AND WE NEED YOUR HELP!

As part of the many projects St. George's has undertaken in preparation for its 75th anniversary, consecrating a new Altar Table is one of them.

What's a canonical Altar?

One made without the use of nails, which contains the sacred relics of Martyred saints. Also conforming to an ancient and sacred order of blessing, sanctifying it for use in God's house.

The altar table is then adorned in a number of ways, with precious fabric, a metal covering, or in the case at St. George's with a carved covering of gilded wood keeping with the baroque style present in our temple. It will be carved by artisans in Ukraine. It will also contain 4 large carved icons.

Estimated Project Cost: \$8000.00

HOW CAN YOU HELP?

Make a financial contribution in addition to your regular donation. Make the note: Altar Project on your cheque or donation envelope.
