

your support means so much to us...

What's happening...

After much research, and consulting with experts, St. George's is undertaking a critical restoration project. This includes: repair to damaged frescoes, peeling paint, new specially formulated paint. Installation of new double pane storm windows over all windows to seal leaking stained glass, adding protection to the restoration inside, adding insulation reducing our heating and cooling costs. This project is estimated to cost **\$150,000.00.**

How you can help...

Challenge yourself to donate towards this project regularly, in person, by mail or online. **Every donation counts, big or small...**
